Neo Art School was established in 1982 by Linda Demirel Barnes to encourage students to use art as a means of self-discovery, problem solving and enjoyment while seeking the intrinsic value of the art process and product. We became NeoArtSchool, LLC, in 2012 and are the oldest, locally owned children's art school in Seattle. Our award winning school artwork has been featured on television, in movies and in print. Our curriculum includes technique development and creative exploration combined with environmental awareness -- to recycle, reuse, rethink and recreate with more than just traditional art materials. Maintaining high quality artwork in hand with student comfort and safety has always been paramount to our success! Thank you for your support of art education. We welcome your input and appreciate your patronage!
